Price List of Gladiolus Bulbs for 1931-1932

IN offering this list of Gladiolus Bulbs for your selection, I wish to impress upon you the fact that I grow fine, healthy, true-to-name stock, which is not over-fertilized, and sufficiently, but not over-watered, it being my purpose to produce firm, healthy, high crowned Bulbs which will enable my customers to grow prize winning blooms.

Everything I sell is fully guaranteed in every respect, and any error or omission will be promptly and liberally adjusted, if reported. You are at liberty to return any shipment if it does not fully meet your expectations, and purchase price, plus return charges, will be promptly refunded.

Should any of my Bulbs prove untrue to name, I will make liberal and satisfactory adjustment.

PRICES

The sharp reduction in price of many late and really outstanding Glads should make them very popular this season.

The prices quoted in this list I believe to be extremely reasonable, but you may depend upon it that I will put enough overcount in each order to more than meet any lower prices, if such are quoted by other growers.

Safe delivery of all orders is guaranteed. This includes damage by freezing, so you need not hesitate to order in fall or winter. I will not forward shipments by mail unless weather is such that I feel they can go through to destination safely.

TERMS

Terms are cash with order except that, if desired, a deposit of 25% will hold order until March 1st, when it will be sent C. O. D. for any amount remaining unpaid at that time.

Charges will be prepaid on all shipments to points in United States and Canada.

DISCOUNT

Will allow cash discount of 5% on orders of \$25.00 to \$50.00; 10% on orders of \$50.00 or more. I will also give liberal overcount and extras on all orders, so that my customers will receive the discount in the way of extra Bulbs, which is offered in many lists, and the cash discount in addition.

If you contemplate placing a large order, please submit list for special quotation.

SUBSTITUTION

If out of any size ordered, I will substitute the next size smaller, giving overcount to more than cover difference in price. If unwilling for me to do this, please so state in your order.

I will not substitute in varieties without permission. If you are willing to have me send a substitute in case I am out of any variety ordered, please say so. You may be sure that you will receive something of greater value.

EARLY ORDERS

Early orders are entirely practical and sensible. They insure your receiving the varieties and sizes you want, and they also secure for you the "pick of the crop," and they help me, by relieving my storage space. At this season's low prices, many good Glads will be in great demand and hard to find later in the season.

While I like to ship in the fall, I will be glad to hold your order for later shipment if desired.

SIZES

Of most varieties, even the smallest Bulbs will give a fairly good spike, and sizes 5 and 6 are more economical to buy and better than a real large Bulb for the purpose of increasing stock. Sizes 3 and 4 will give a very satisfactory spike, and often two, and are also much better than large Bulbs for propagation. The large Bulbs are most satisfactory for exhibition purposes, and will ordinarily yield two or more fine spikes. The purpose for which you desire the Bulbs and the price you are willing to pay, should be your guide in ordering.

The Bulbs listed as "Large," "Medium" and "Small" are varieties of which I cannot at this time accurately judge just what sizes I will have. Many of the large size will run 1½ inches and over, the medium will be the full size promised or larger, and the small size will average about ½-inch, some a little under, but mostly ½-inch or more.

HOW TO ORDER

Please note carefully whether the variety is priced "each," or "per 100." Ten Bulbs or 25 Bulblets at the 100 price; 100 Bulblets at the 1000 price. For a less number, add 10%. One dozen Bulbs or Bulblets at ten times the single price. Three or six may be ordered at the dozen rate.

NO SINGLE ITEM LESS THAN TEN CENTS

All Stock Is Offered Subject to Prior Sale

	No. 1 1½" Up	Per 100					Bulblets Per 1000
		No. 2 1½-1¾"	No. 3 1-1½"	No. 4 ¾-1"	No. 5 ½-¾"	No. 6 Under ½"

KIND WORDS FROM SATISFIED CUSTOMERS

Read the following extracts from letters regarding orders shipped last season, and if you don't believe 'em, just make me prove it!

WISCONSIN

"If you are getting out a special fall price list, please send me one at once. I have had several lists this fall, but I want yours before I do any ordering. * * * Your Bulbs produced wonderful flowers and I believe I had the best flowers in town, and we have quite a few Glad 'bugs' in this town."

TORONTO, ONTARIO

"Did I mention to you before that most of my customers won first prizes with the stock you sent me last spring, including yours truly, who won a silver medal for the best Glads in the show. This speaks for itself on the quality of your Glads."

NEW YORK

"I want to thank you for your very generous count and compliment you on the manner in which you filled the order. I would also like to state that though the order was small, it was the cleanest and most healthy order of Bulbs that I have received this spring. * * *

"I want to assure you that next year my order will be considerably larger if you can send me Bulbs like those I have just received.

"It is a pleasure to find one grower out of fifteen who can give a customer 100 per cent satisfaction."

STRATHCONA, ALBERTA

"I wish to acknowledge receipt of Bulbs which were ordered from you. They are a very fine lot of Bulbs and arrived in perfect condition.

"I would like you to know that I certainly do appreciate your generosity. I even felt a little ashamed, as though I had taken much for nothing. You gave such liberal count and so many extras."

EDMONTON, ALBERTA

"Received the shipment of Glads last week and I must write to say that I am exceedingly pleased with them. They are lovely Bulbs, the nicest bunch I have ever seen, and so well packed, and those extras!—and the long count! Well, if I don't have some real flowers this summer, it certainly won't be your fault."

PORTLAND, MAINE

"Your Bulbs arrived this morning, and seemed to be in excellent condition, and I wish to thank you for the many extras that you sent. Am looking forward with a great deal of pleasure to what I may expect this summer. Have been buying from at wholesale prices, but found your prices for the collection more than equal, and the extras more than double."

EDMONTON, ALBERTA

"The Gladioli Bulbs arrived safely and in excellent condition. They are of a size and shape that puts them in the very highest class of Bulbs. I wish to thank you for the very generous count you gave and for the fine lot of extra named ones you included—all of which is fully appreciated.

"Your dealings with people here have been extremely satisfactory, judging by the way these people speak of you. It should be very gratifying to you to know this."

ILLINOIS

"My Bulbs arrived Saturday in fine condition. I have unpacked them and put in my bulb store room. I found them more than O.K., the Bulbs were all perfect, well cured and high crowned, and your generous count and extras was indeed a surprise."

OTTAWA, ONTARIO

"Many thanks for your price list received today. My point in writing is to commend you upon your excellent Bulbs. My 300 bloomed wonderfully and I have the original investment and a memory of a wealth of flowers, which were second to none amongst the exhibition held here. The pleasure they gave to my Mother chiefly is surely worth a few moments of time in writing."

FLORIDA

"I wish to express my high appreciation both for your liberal count, quick service, and also for your generous extras."

NEW YORK

"The box of Glads came the 3rd, and never was a box unpacked with so much pleasure. The Bulbs were so fine and of larger size than I expected and all the extra varieties were ones that I did not have. Many thanks for the extras and overcount."

PENNSYLVANIA

"I received my order of Gladiolus Bulbs some time ago, and was very well pleased with the condition and the generous overcount, also the large number of extras you sent.

"A friend of mine wanted some Bulbs, so I suggested that he let me get them from you."

OHIO

"I received the Bulbs yesterday O.K. They sure are nice. They are the largest No. 6 I ever bought, and are good and clean. In the amount of 15,000 one would not be surprised to find a defective one or so, but I have not found one. I also want to thank you for the extra count and the new varieties you sent me gratis."

NEW YORK

"Received shipment of Bulbs March 11. Sure look fine. Thank you for many extras of kinds ordered and many more thanks for the kinds you sent for extras which I did not order. You sure know how to take care of and please your trade."
